School Council President: Gemma Cranwell

SCHOOL VALUES: *Respect, Responsibility, Resilience*

27th DRESSUP for BOOK WEEK

28th August: Rural Schools Athletics –Sale

7th September: School Council Meeting 10.30am

Rural School Athletics : Tuesday 28th August

The bus has been organised to take our students to Little Athletics Centre McLachlan Street, Sale. Students travelling by bus need to be at school by **8.40am** for an **8.45am** departure.

We are unable to wait for late students as we need to be in Sale by 9.30am.

BOOK WEEK—DRESS UP DAY THIS MONDAY 27th AUGUST

“Find your Treasure”

To celebrate book week, we are asking the students to dress up as a book character. We have told students not to purchase a costume but to use their imagination and use existing clothes or costumes they may have.

BREAKFAST CLUB

If you are wanting breakfast club, you will need to provide two recycle bags as we have no plastic bags left at school to send goods home. Please put your name on the recycle bags and leave them with Meaghan by next Friday 31st August.

FIRE RESTRICTION COMING IN

Please be advised that we have had confirmation from CFA South Eastern Region that the declared Fire Danger Period (**FDP**) for the East Gippsland and Wellington Shire Council Areas will be enforced as of 00:01 hours Monday, 10 September 2018. Information attached to newsletter on ‘Can I or can’t I?’

SWIMMING PROGRAM—TERM 4

We have booked our Swimming Program for term 4 at Aqua Energy Sale and Kemp Aquatics will be our instructors and have given us a double session on the following days. November 14th, 21st, 28th and December 5. These are all Wednesdays. This is still eight sessions but will only require us to be out of the school on four days.

More information on costs etc will be sent home next term.

Damian Lappin

I went on the
ropes at fun

We went to the National Park this week and saw Jo the Park Ranger. We went inside the office and I saw an albino lizard on display. We played a game about animals losing their habitat. It was good fun.

INVITES

FAMILY & FRIENDS

TO WATCH OUR ACTIVITIES

DAY: Friday
 DATE: 7th September
 AGE GROUP/TIMES: 10:30

Loch Sport Primary
 &
'smalltalk playgroup'

SEE YOU THERE!

Athletics

Athletics has a lot of sports. You compete against students from other schools like Wurruk and Bundy. The sports you can do are shot put, long jump, discus, running, and many more. You can also win medals and ribbons as a reward. The older you are the harder it will be because the higher grades are more challenging. I'm challenging myself to be age champion two years in a row. By Caleb

At the new park I was lying down on the spinning cup it was fun but when dad push me fast it was not fun so I jumped off it. The park was really fun. It was a windy day.

By Tahlia

Bollards

This week we have been working on the Bollards for the new park. We have been working so hard that it has been blowing our minds.

We have been working very hard on the height and lengths to get it to be the right size.

Jason's Article

This week we have been doing a lot of different kinds of good energetic sports. Tuesday we went to the national park and went for a little walk around and we had a challenge to match the skats with the animals, then we had a walk around to look and learn about trees and different kinds of plants we could eat.

Wednesday we had gymnastics so we all drove to Maffra in the bus. Gymnastics was all about jumping and balancing. We had to jump on tramps and land in motorbike landing and we had a partner to try different trust positions.

Thursday we had to draw an animal on a piece of paper the size of the bollards and most of us made the animal look really funny. After lunch we trained for athletics we did, long jump, shot put, discus and hurdles.

In the national park we learnt about animal poop (scats) and the different kinds there are. We also learnt what plants are edible and the one that aren't edible. We learnt how mistletoe grows on trees and that it grows on trees because they're sticky and the birds like it and poops on it and birds carry seeds in their poop. My favourite part about the national park was seeing the plants you can eat and what you can't eat so if I'm stuck or lost in the bush I know what I can eat to survive.

Gymnastics

The first time at gymnastics I missed it because I was away but the second time I wasn't. We all went on the balancing beam and we had to balance for as long we could while throwing a ball to your partner. The third time we had an obstacle courses.

Athletics

Our school has been practicing for the athletics and only have two days left to practice for it. In some events of athletics, we have some champions that are the best of that particular event. In long jump, the champions are Liz and I. In discus, its Hamish and Jason. In shot put, Liz, Jason and I. We also have practiced relays where we pass a baton to each other. We weren't really good at it, but kept practicing it. We will continue to try our best.

Gymnastics

It was nice to be back at gymnastics and get back into practice.

At our first week of it, we had races in the foam pit. We had partners and raced each other and some students passed other partners. At the second week we did bars and rings, where we had to hang and pose on them. There were different types of bars: wooden ones and metal ones; there are different types of grips on those bars.

Wooden bars you need to have all fingers and thumb on top of the bar. Metal bars you need to have all fingers on top of the bar and your thumb at the bottom of the bar.

At the rings we had to hang on it and do poses. It was hard for me to do a L hold where you had to bend your legs sideways; which I couldn't do much...

At the third week we did small rotations like handstands and cartwheels. My favourite activity was being Tarzan on a rope and swinging on the other side of a mat.

We also did balancing on the beams. We had to walk sideways and backwards and a walk called vine; right foot in front sideways, left foot back sideways, then left foot in front sideways and right foot back sideway and so on and so on sideways.

On last Wednesday we jumped on trampolines and do poses in mid-air.

I am looking forward for the last four weeks. There might be a race to win something at the last week like last year. **By Sebastian**

National Park

On Tuesday Loch Sport Primary went to the National Park to learn about the native animals and plants that live near there. When we first arrived we went inside the Rangers office and talked to the lady who was going to show us around (her name was Jo). After that we had a look around, there were all sorts of stuff like the types of bird eggs you can find in Loch Sport and dead snakes, but the most fascinating thing was the albino blue tongue lizard... too bad it was already dead. When the rest of the school arrived, she started to explain what the National Park was. Then we started to talk about how the Rangers would find information about the animals; they would use all sorts of traps. Next we studied the different types of scats (scats is another word for poo) that common animals drop in the national.

When we went outside we played a game called habitat; what we had to do was pick a random card with an animal written on it. Then she would yell 'HABITAT!' And we would have to run to the habitat we lived in. On the next activity we walked around and she would tell us about the trees and the animals that live near there. At the end of the excursion we thanked Jo for teaching, then we had to tell Tracy what we learnt. That trip was so fun and at the same time very interesting I learnt a lot and will probably go to the National Park more often. By Elizabeth

By Hamish

Athletics

When we do athletics practice, I have been working very hard on discus. I hope I get age champion. I also think I can get 1st in long jump.

Book Week

At Book Week I am going to be a character from the Andy Griffiths and Terry Denton's treehouse series.

Gymnastics

This week in gymnastics we did different jumps on the trampoline like straight, tuck and star jump. Next week we are doing bars but I am not sure what we are doing on the bars, but I think it will be fun.

Father's Day

On father's day we'll be making something interesting and cool. But I can't tell the fathers.

Bollards

We are painting animals on to the bollards and I am doing a koala. Mine is big enough to cover the whole bollard.

New Park

The new park is very good and everyone wants to go there. My favourite part is the spinning tea cup.

National Park

I thought the National Park was very fun and cool and the scats (poo) were disgusting.
