SCHOOL VALUES: *Respect, Responsibility, Resilience, Safety*

Transition for Prep 2019
Thursday 15th, Friday 23rd & Monday 26th

Swimming Program
November 14th, 21st, 28th and December 5

Water Safety day with Emergency Services
Friday 30th November

Foundation / Prep Transition:

The program for our Preps in 2019 started last week and was attended by our 3 new students. **Remaining dates are Thursday 15th, Friday 23rd & Monday 26th**

SWIMMING PROGRAM:

Our Swimming Program starts next Wednesday 14th November. Students will depart school at 11am for Aqua Energy Sale with Kemp Aquatics as our instructors and leave the pool at 2.15pm to return to the school. We will be having a double session with a half hour break in between for lunch

All Wednesdays - November 14th, 21st, 28th and December 5.

Friday 30th Water Safety day with Emergency Services:

Loch Sport, Cowwarr and Seaspray Primary Schools will attend the Water and Safety day at the boat club and carpark. There will be 60 students and staff in attendance.

We have to thank Kaye Hogben who is the organiser of such a mammoth event and for the Boat club, CFA, Ambulance, SES, Parks and other organisations for giving their time to see the students enjoy such a day.

There will be a Sausage sizzle for students, staff and helpers on the day. Parents are welcome to come along on the day which starts at 9.30am

LOST CLOTHING: We have a number of windcheaters that have not been claimed or cannot be returned as they do not have a name. Please see Meaghan if you want to check if the item could belong to your child.

NOTIFY SCHOOL: If you have changed address or phone number since enrolling your child at the school could you please send a note to the school with change of details so information can be amended.

Damian Lappin

RACV Street Smart by Lachlan

On the 22nd of October RACV came and taught us about bike safety. The first subject was bike helmets. She made sure that they were tight, and that it had an Australian standard and they were road worthy. Then she told us about her dad and how he hurt himself and had a bad head injury when not wearing a helmet. Then tested our peripheral vision and instant reaction to see how good we were if a car came around a corner to squeeze our brakes. We did one last activity we labelled parts on a bike. Everyone enjoyed the RACV lady coming to our school.

Water Bug Blitz by Jason

During the bug blitz we had different people to help the school cluster to learn about bugs in the water, dissecting a fish, and how to look at the waterways and showed us how dirty we can make them and how we can keep them clean. We used a net and a small bucket, to fish out an area to get some of the small bugs then emptied the net into a bucket and looked for all the tiny bugs. Dissecting a fish was fun but it did take a while and the stink didn't help for the amount of time we had. With the waterways we had a bunch of everyday stuff we have in our life that would pollute our waters and would be very hard to clean.

Surf Life Saving Day- Sink or Swim

On the first of November L.S.P.S had a life saver (Tahlia) come to our school and teach us a lot about how to be safe in the water and on the beach.

First she introduced herself then she showed us this blanket with three colours, yellow was supposed to act as the sand, then there was blue which was the water, and the darker blue was the deeper side of the beach. That blanket was laid on the floor then we all had to play a part in a role play, so that we knew how to act when someone is drowning. The next thing was super fun, what we had to do was see who could put on a life jacket the fastest it was between Lachy and I and I won. After that we had to save each other from "drowning", by using all sorts of stuff like helmets, eskis, ropes and a football.

Near the end I had to say a thank you speech, I enjoyed learning more stuff about water safety and hope to do it again.

By Elisabeth.

Ride to School

At the start of October, L.S.P.S. did a activity called: 'Ride To School' where all the students ride to school for the whole of October to get kids more active and even make new habits.

There were crashes while riding. At school and on paths. There were buckled wheels and broken bikes and turning too fast on gravel.

Some people who never used to ride are still riding today.

And also the people who crashed were resilient and got back on their bike.

Some of us have improved our skills on a bike and have learnt more things about a bike; like what a fork is, front and back suspension, gears and when to use a bell.

A lady from the RACV came and taught us about the bikes and parts of bikes.

Ride To School was very enjoyable and even though it's over dad and I are still riding.

By Sebastian.

ANGLICARE VICTORIA
Now Recruiting Foster Carers

All enquiries welcome!

Respite, Emergency, Short-Term & Long-Term Care available. Training and 24 hour support provided.
